IMPORTANT RECOMMENDATIONS.

IN ORDER TO AVOID ERRORS WHEN ORDERING SPARE PARTS, PLEASE ADHERE STRICTLY TO THE FOLLOWING INSTRUCTIONS:

**FIRST CASE:** The part to be ordered is represented with a number in one of the groups of this catalogue. In this case, you should mention on your order:

1° The part number;
2° The letter of the group in which the part is shown;
3° The type of lathe and its serial number which is stamped at the tailstock end of the bed.

**Example:**

1. One pinion n° 72, group D, for __________ type lathe, n° (the lathe) __________
2. One leadscrew n° 65, group D, for __________ type lathe, n° (the lathe) __________
3. One handwheel n° 11, group H, for __________ type lathe, n° (the lathe) __________

**SECOND CASE:** The part to be ordered is not numbered in one of the groups of this catalogue. In this case you should mention on your order:

1° The description of the part;
2° The dimensions of the part as well as the letter of the group to which the part belongs;
3° The type of lathe and its serial number which is stamped at the tailstock end of the bed.

**Example:**

1. One countersunk head screw __________ Ø, __________ long, for __________ type lathe, n° (the lathe) __________
2. One hexagonal head bolt __________ Ø, __________ long, for __________ type lathe, n° (the lathe) __________
3. One taper pin __________ Ø, __________ long, for __________ type lathe, n° (the lathe) __________

**THIRD CASE:** The part to be ordered does not appear in any of the groups of this catalogue. In this case you should give on your order:

1° A short description of the part;
2° A sketch if necessary;
3° The type of lathe and its serial number which is stamped at the tailstock end of the bed.

**Example:**

1. One bed for __________ type lathe, n° (the lathe) __________
2. One rear leg for __________ type lathe, n° (the lathe) __________
3. One door for cabinet leg of __________ type lathe, n° (the lathe) __________
